ABH Force API CD SAE 50

ABH FORCE CD 50 combines power and reliability, developed to be the ideal solution for engines operating under hot and demanding climatic conditions. This "High Performance" oil is engineered to provide exceptional protection for all engine types, whether gasoline or diesel. Thanks to its stable viscosity grade (CD 50), it ensures the formation of a durable lubricating film that protects internal components from direct friction even under high operating pressures. This helps reduce oil consumption and prevent wear, maintaining your engine's youth and efficiency for longer periods.
