ABH GEAR Max GL3 90

ABH GEARMAX GL3-90 is engineered to provide maximum protection and high reliability for manual transmissions and axles operating under moderate to heavy-duty conditions. This gear oil features an advanced formula that ensures excellent lubrication for all gear-box components, effectively reducing mechanical friction and preventing wear, rust, and corrosion. With a GL3 90 viscosity grade, it provides a robust protective film that withstands high pressure, ensuring smooth gear shifting and quiet operation. It is the perfect choice to extend the operational lifespan of your vehicle's transmission system.
