ABH Zeus API CF SAE 50

ABH ZEUS CF 50 is the ideal choice for engines requiring high viscosity and superior stability under extreme operating conditions and elevated temperatures. This "Monograde" oil is engineered to provide a robust and durable protective film that prevents direct friction between engine components, effectively reducing wear and extending the engine's operational lifespan. With its advanced "High Performance" formula, this oil ensures excellent oil pressure stability and high oxidation resistance, making it highly suitable for older engines or machinery operating in intense heat environments.
